

Impact of optical coherence tomography and computed tomographic angiography on the management of acute coronary syndrome

日時：8月30日（水） 14:00-15:30

場所：Chisinau - Village 6

座長：Fernando ALFONSO MANTEROLA (Madrid, ES)

赤阪 隆史 先生 (和歌山県立医科大学 循環器内科)

演者：

14:00- Lesson from histopathology to imaging in vulnerable plaque.

Eloisa ARBUSTINI (Pavia, IT)

14:22- Detecting intact fibrous caps or ruptured fibrous caps by OCT and CTA.

尾崎 行男 先生 (藤田保健衛生大学 循環器内科)

14:45- OCT-based management of AMI with intact fibrous cap and ruptured fibrous caps.

Francesco PRATI (Rome, IT)

15:07- OCT-based management of stent thrombosis following DES.

Maria D RADU (Copenhagen, DK)

Coronary spasm revisited: a message from Europe (West) and Japan (East)

日時：8月31日（月） 14:00-15:30

場所：Ankara - Village 7

座長：Paolo CAMICI (Milano, IT)

室原 豊明 先生 (名古屋大学 循環器内科)

演者：

14:00- Incidence of vasospastic angina: German perspective.

Peter Emanuel ONG (Stuttgart, DE)

14:22- Significance of coronary spasm after PCI: Japanese perspective.

小川 久雄 先生 (熊本大学 循環器内科学/国立循環器病研究センター)

14:45- Relationship of microcirculation injury to coronary spasm: Italian perspective.

Filippo CREA (Roma, IT)

15:07- Role of coronary spasm in ischaemic heart disease: Japanese perspectives

下川 宏明 先生 (東北大学 循環器内科学)
