

## OPEN FOR APPLICATION

[CLICK HERE TO APPLY](#)

**Closing Date: 30 June 2024**

Since the turn of the 21st Century, the Asia Pacific Region has been increasingly thrust to the forefront of Cardiology developments. Home to half of the world's population with some of the fastest growing and aging populations, it is of paramount importance for the APSC to develop the next generation of leaders to spearhead the progress of Cardiology across the Asia Pacific.

The two-day program focuses on the qualities of being an effective leader, the importance of team building and everyday issues future leaders face. There will be close interaction with world experts and the opportunity to engage and join the APSC Young Leaders community.

We look forward to your participation

**Jack Tan**  
Chair

**Kenny Sin**  
Programme Director

**8th Edition**  
**19–22 February 2025**  
**Phnom Penh, Cambodia**
